Want to be an independent
practitioner & Treat Patients?

Interested to be an integral part of
HEALTH CARE SYSTEM?

Join BPT

Physiotherapy is one of the leading profession world wide. BPT course trains students and helps them acquire skills and techniques that are necessary for the practice of physiotherapy treatment.

**Good News !! you can opt for
Bachelor of Physiotherapy - BPT**

Duration: 4 Years + 6 Months Internship

Eligibility: Candidates who have passed intermediate/
10+2 / NOS / APOSS / HSSC with Biology, Physics &
Chemistry as optional subjects.

About BPT

- ★ Can become highly competent practitioners in Physiotherapy in a variety of Contexts
- ★ Student undergoes Theory, practical & Clinical exposure during the study
- ★ Students learn about body, injury & healing processes using physical therapy treatment methods
- ★ 6 months internship gives an exposure to the students a better practical understanding.

Tremendous job Opportunities....

- ★ In every Government Hospital can work as Physios
- ★ In Rehabilitation hospitals of central and state governments
- ★ Rehab centres managed by NGO
- ★ In health institutions & defense medical establishments
- ★ Physiotherapists can also opt for teaching
- ★ Can establish Own private clinics
- ★ Huge requirement in the U.S.A, Europe, Canada, Australia and Middle East.
- ★ In India too, the demand is rapidly increasing, as less number of qualified physiotherapists available compared to population
